Council Resolution No. 133-2024

Introduced: September 3, 2024

Auditor: Diane Zagorski-Kelly

Fiscal Impact:

This legislation will not result in a fiscal impact to the County, as it proposes a technical correction to the fee schedule for the Department of Planning and Zoning (DPZ). The correction will make the Approved Plan Revision fees consistent throughout the fee schedule, at \$200 each for standard revisions with construction cost estimates of \$4,000 or less.

Purpose:

Council Resolution 133-2024 seeks to correct the DPZ's current fee schedule, as approved in CR53-2024, to remove an incorrect reference to the "Unit Cost List" for certain Approved Plan Revisions.
